

FUNCTIONAL PROFILES

FUNKTIONALE LEISTEN
PROFILÉS FONCTIONNELS
FUNCTIONELE PROFIELEN

These functional profiles are significantly more suitable than conventional solutions as window soffit or ideal for cladding ducts, pipes, etc.

Deutlich schneller als herkömmliche Lösungen eignen sich diese funktionalen Leisten als Fensterlaibung oder ideal zum Verkleiden von Leitungen, Rohren usw.

Nettement plus rapides à mettre en œuvre que les solutions conventionnelles, les profilés fonctionnels conviennent comme ébrasements de fenêtres ou recouvrements de tuyaux, conduits, etc.

Onze functionele profielen laten zich veel sneller aanbrengen dan de traditionele oplossingen. Bijvoorbeeld als lijstwerk voor ramen, om buizen en andere leidingen onzichtbaar weg te werken enz.
